DETAILED ACTION

Allowable Subject Matter

1. Claims 1-11, 34-42 are allowed.

Reasons for allowance

2. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, reference of Reichman, Dent, Glynn and the prior art of record fail to disclose, a satellite communications system for distributing information to user terminals located within a plurality of spot beams, the satellite communications system comprising: a communications satellite in a geosynchronous orbit; a plurality of hubs each located within a respective spot beam, and adapted to: route information received from a first user terminal located within a first spot beam via the communications satellite to a second user terminal located within a selected one of the spot beams via the communications satellite; wherein the communications satellite is adapted to: receive the information according to a first protocol from the first user terminal; transmit the information according to the first protocol to a first hub located within a selected one of the spot beams; receive the information according to a second protocol from the first hub; and transmit the information according to the second protocol to a second user terminal located within a selected one of the spot beams , as cited in claim 1,

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
